

# CHECK OUT THE NEW HEART TECH PLUS SYSTEM

COMPLETELY REDESIGNED SOFTWARE BUILT BY TEACHERS FOR AN IMPROVED USER EXPERIENCE

**THE COMPLETE SYSTEM FOR PHYSICAL EDUCATORS TO COLLECT OBJECTIVE DATA.**

- New and Improved Sensor 4.0
- Cordless Charging Solution
- HTP GROUP App | HTP HOME App
- Secure Web Portal

- Collect data for students during class by using the HTP GROUP app.
- Collect data for students before or after school by using the HTP HOME app.
- Charging and storage case to improve system management.
- View all data instantaneously from both platforms in a secure web portal.

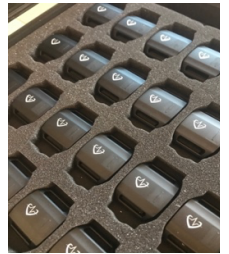

## Sensr 4.0 Features

- 3 zone lights tailored to the user's maximum heart rate (below, in, and above (MVPA))
- Tracks heart rate, steps, and step rate
- Vibrates on zone change
- Memory for group and Individual workouts
- 20 hour battery life

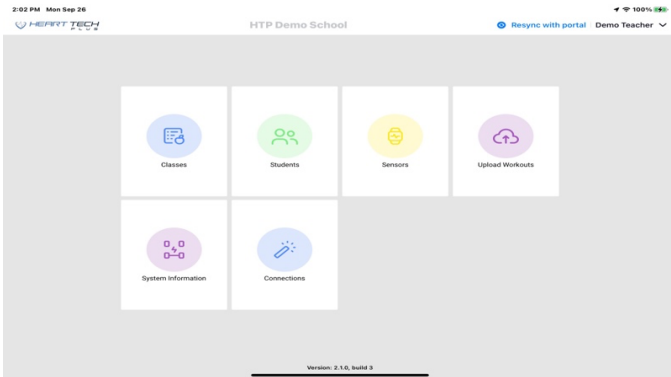

## Charging/Storage Case

- Improved class management
- Charge up to 30 sensors simultaneously
- Save teacher and class time
- A solution that separates HTP from the competition

AND MUCH MORE

HTP Demo School
